

Privacy you can see through.

Woven in Belgium

SELF-ADHESIVE TEXTILE WINDOW FILM

Privacy inside by day. A clear view outside. No fittings.

ANY SHAPE, ANY SIZE

The look of a sheer curtain.

A 100% woven polyester textile with a warm, natural linen look. During the day it gives one-way privacy: you see out, people can't see in.

The ease of a window film.

SQUID sticks directly onto the glass and is cut to any size or shape: round, triangular, small or very large windows. No brackets, no fittings, no curtains to wash, and it comes off without glue residue.

TWO TRANSPARENCIES

Transparent for daylight and view.
Opaque for more privacy, incl. at night.

SIX COLOURS

Chalk, Bone, Oak, Ash,
Rock & Coal in each
transparency.

SUN & COMFORT

UV protection, glare
reduction & a cooling
effect at the window.

Interior application only. Specifications: SQUID Transparent (V.03/19) and SQUID Opaque (V.01/00) technical datasheets. See page 2 for openness factors.

Bring SQUID to your next project.

Samples, specifications & dealer opportunities.

Choose by light and privacy.

Six colours, two transparencies

OPENNESS FACTOR BY COLOUR

Light colours keep the most light in. Dark colours keep the clearest view out.

CHOOSING A FABRIC

- **Transparent** for the most daylight and view outside during the day.
- **Opaque** when you want more privacy, including at night.
- **Light colours** to maximize cooling and keep the most light in.
- **Dark colours** for the most UV protection and contact with outside.
- **High-efficiency glass:** cover the window fully and avoid Coal.

WHERE TO USE

Residential

Street-facing windows
Irregular-shape windows
Small windows
Shower glass doors & panels
Glass doors & cabinets

Commercial

Office partition walls
Retail storefronts
Restaurants & hotels
Museums
Dental offices & clinics

EASY TO INSTALL

Degrease, cut, apply, trim, activate.
Seamless on large windows with an overlap method.

EASY TO MAINTAIN

Dust-repellent & anti-microbial.
Clean on the window: vacuum, microfibre, fabric cleaner.

ALSO

Damp-room ready & PVC-free.
Printable & cuttable.
5-year service life.

Partially covered facade windows: do not use Rock or Coal Opaque. Printed SQUID and Coal are not for HR++(+) glass. Interior application only.

Bring SQUID to your next project.
